# PERGOLA

RETRACTABLE AWNING | MOTORIZED AND MANUAL

We offer an aesthetic solution to outdoor problems with our retractable pergola systems. Our Pergolas allow you to have the freedom to create whatever environment you want when outside. Our systems come with every amenity you can think of so you don't have to. We use an aluminum structure that can withstand many different weather conditions, and doubles as a gutter and drainage pipe. We bring together the top materials and technology so we can help you make use of your outdoor space all year round. All of our pergolas are water-resistant, fire retardant, waterproof, remote-controlled and have custom finishes. They also come with optional dimmable LED lights built-in.

# SCREEN ROLL-UP SHADING | MOTORIZED

We work to making your outdoor the best it can be. Without shades, you can create outdoor blinds that provide privacy and protection against sun, heat, wind, rain, and insects. This add on aesthetically complements Schildr systems by fully enclosing your patio, balcony or terrace and retracts with remote control. It withstands strong winds, provides micro air circulation and water resistance. It is a wonderful addition to any of SCHILDR outdoor systems.
